

LICENSED EMPLOYEE RESIGNATION

A licensed employee who wishes to resign must notify the superintendent in writing within the time period set by the board for return of the contract. This applies to regular contracts for the licensed employee's regular duties and for an extracurricular contract for extra duty. Resignations of this nature will be accepted by the board.

The board may require an individual who has resigned from an extracurricular contract to accept the resigned position for only the subsequent school year when the board has made a good faith effort to find a replacement and the licensed employee is continuing to be employed by the school district.

LICENSED EMPLOYEE CONTRACT RELEASE

Licensed employees who wish to be released from an executed contract must give at least twenty-one days notice to the superintendent. Licensed employees may be released at the discretion of the board. Only in unusual and extreme circumstances will the board release a licensed employee from a contract. The board will have sole discretion to determine what constitutes unusual and extreme circumstances.

Release from a contract will be contingent upon finding a suitable replacement. Licensed employees requesting release from a contract after it has been signed and before it expires may be required to pay the board up to \$2,500 for expenses incurred to locate and hire a suitable replacement. Upon written mutual agreement between the employee and the superintendent, the costs may be deducted from the employee's salary. Payment of these costs is a condition for release from the contract at the discretion of the board. Failure of the licensed employee to pay these expenses may result in a cause of action being filed in small claims court.

The superintendent is authorized to file a complaint with the Board of Educational Examiners against a licensed employee who leaves without proper release from the board.

NOTE: School districts may charge employees for costs incurred in finding a replacement. Employees can only be charged costs, not "penalties." The costs cannot be withheld from money owed the employee unless the employee agrees. If costs are not withheld from moneys owed to the employee, the school district must bill the employee. If the employee fails to pay, the school district's only option is to file a claim in small claims court. The school district also has the option of filing a complaint with the Board of Educational Examiners stating the employee has engaged in unprofessional conduct.

LICENSED EMPLOYEE RETIREMENT

Licensed employees who will complete their current contract with the board may apply for retirement. No licensed employee will be required to retire at a specific age.

Application for retirement will be considered made when the licensed employee states in writing to the superintendent, no later than the date set by the board for the return of the employee's contract to the board, the intent of the employee to retire. The letter must state the employee's desire to retire and be witnessed by another party other than the principal or the superintendent. Applications made after the date set by the board for the return of the employee's contract to the board may be considered by the board if special circumstances exist. It is within the discretion of the board to determine whether special circumstances exist.

Board action to approve a licensed employee's application for retirement is final and such action constitutes nonrenewal of the employee's contract for the next school year.

Licensed employees who retire under this policy may qualify for retirement benefits through the Iowa Public Employees Retirement System.

Licensed employees and their spouse and dependents are allowed to continue coverage in the school district's group health insurance program at their own expense by meeting the requirements of the insurer.

NOTE: Mandatory retirement ages are a violation of federal law. The witnessing of the retiring employee's letter is to protect the school district in the event an employee alleges that the school district forced the employee to retire.

LICENSED EMPLOYEE REDUCTION IN FORCE

The board has the exclusive authority to determine the appropriate number of licensed employees. A reduction of licensed employees may occur as a result of, but not be limited to, changes in the education program, staff realignment, changes in the size or nature of the student population, financial situation considerations, and other reasons deemed relevant by the board.

The reduction in licensed employees, other than administrators, will be done through normal attrition if possible. If normal attrition does not meet the necessary reduction in force required, the board may terminate licensed employees.

It is the responsibility of the superintendent to make a recommendation for termination to the board. The superintendent shall consider the following criteria in making the recommendations:

- Endorsements and educational preparation within the grade level and subject areas in which the employee is now performing;
- Relative skills, ability and demonstrated performance;
- Qualifications for co-curricular programs; and
- Number of continuous years of service to the school district. This will be considered only when the foregoing factors are relatively equal between licensed employees.

Due process for terminations due to a reduction in force will be followed.

The requirements stated in the Master Contract between employees in that certified collective bargaining unit and the board regarding the reduction in force of such employees will be followed.

The superintendent is authorized to suspend a licensed employee pending board action on a discharge, for investigation of charges against the employee, and for disciplinary purposes. It is within the discretion of the superintendent to suspend a licensed employee with or without pay.

In the event of a suspension, appropriate due process will be followed.
